BYLAWS
WISCONSIN ASSOCIATION OF DAIRY PLANT FIELD REPRESENTATIVES

Article 1 – Organization

Section 1 – This organization shall be a non-profit membership association

Article 2 – Purposes

Section 1 – To improve the professional standing of dairy plant field representatives for the good of the entire industry. It shall in no way act as a bargaining agent between field representatives and management.

Section 2 – To serve as co-coordinating agency whereby the body of knowledge concerning improvement in milk quality may be shared between association members through meetings and conferences. Further, this association should promote member participation in any industry activity regarding the establishment of new regulations.

Section 3 – To serve as an educational agency for its members in, but not limited to, the following areas:

Improvement in Milk Quality
Milk Marketing and Pricing
Animal Disease and Disease Eradication Programs
Production Development
Product Promotion and Advertising
Health Benefits of Dairy Products
Relevant Research Projects

Section 4 – To improve working relationships between field representatives, farmers, processors, consumers, and regulatory officials.

Article 3 – Membership

Section 1- Regular members

a. Any person employed by dairy processor or handler as a field representative or supervisor of field representatives.
b. Any person involved in the sale and/or servicing of dairy equipment.
c. Any person involved in sale of supplies to dairy farmers.
d. Any person employed by any agency involved in the regulation of milk quality and/or dairy products.

The Association may also issue certificates of membership to other individuals not included above that are also committed to furthering the goals of improving milk quality.
